

Since becoming an entitlement grantee the City of Pflugerville has lost projects due to changes in the eligibility criteria or other circumstances outside of our control. The Pflugerville community is fortunate that the majority of our citizens do not meet the requirements to qualify within the threshold of low to moderate income and therefore within Pflugerville's jurisdiction there are very few block groups that exceed the 50 percent requirement. Pflugerville, for that reason, is considered an exception grantee, having received an exception to be able to undertake area benefit activities. Activities within the City of Pflugerville are considered to principally benefit low and moderate income persons when the area served by such activity is at 41.44 percent or higher; which is up 16.74 percent since the start of our program. Three block groups that are wholly or partially within our community meet this standard. Over the course of our program, projects have been lost projects due to changes in the eligibility criteria or other external circumstances.

The purpose of the second substantial amendment to the 2016 Action Plan is to reallocate grant funds from projects that had a project savings. The projects proposed focus primarily on infrastructure projects within the three identified block groups which were less likely to become ineligible and are coupled with funding from other program years in order to complete a series of infrastructure projects within the same block group.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Incorporated in 1965, Pflugerville is located in Travis and Williamson Counties just north of the Texas State Capitol. Pflugerville is a fast-growing city, home to over 50,000 residents who enjoy safe streets, a beautiful trail system and share incredible community spirit. Pflugerville combines trails and community with business opportunities and is the place where quality meets life. Pflugerville has experienced a growth rate of 192% over the past 16 years, with a 2000 population of 19,484 growing to a population of 48,356 during the 2010 census and currently at a population of 59,245 (August 2017).

The Community Development Block Grant (CDBG) program aims to serve the needs low to moderate income population of the community. As reflected in the 2014-2019 Consolidated Plan there are approximately 3,532 households that are considered within the low to moderate income ranges, which constitutes approximately 20% of the community overall. While the percentage of low to moderate income households fluctuates in depending on the block group, the community overall has a significantly lower percentage of low to moderate income residents than the majority of entitled communities. In some communities, like Pflugerville, there are very few areas in which at least 50 percent of the residents or areas are of low to moderate income. For these grantees the CDBG law authorizes an exception criterion in order for such grantees to be able to undertake area benefit activities. For Pflugerville, the low-moderate income threshold for any area benefit activity is 41.4%.

In the spring of 2016 City Council approved submittal of the updated 2014-2019 Consolidated Plan which incorporated the needs for seniors within Pflugerville by identifying more specifically their needs of additional programs, facilities and infrastructure.

The second PY2016 Amended Action Plan incorporates additional projects related to infrastructure and parks needs identified in the community as established by the Consolidated Plan to further mobility needs throughout the community. The proposed projects include:

- *Senior Center Renovations (EXPECTED SPRING 2019 – EST. \$50,000)*
- *Youth Scholarship Program (completed - \$6,685)*
- *Mill Creek Drive Roadway Improvements (est. \$140,700.94)*
- ***El Malino Roadway Improvements – NEW (est. \$48,314.06)***
- *Alternate Projects – Frost Circle Roadway Improvements (est. up to \$107,000)*

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Three national objectives serve as the overall framework for the use of CDBG funds. The goals are to provide decent housing, create a suitable living environment and expand economic opportunities, to principally benefit extremely low, low and moderate income individuals and families. Income categories are calculated on an annual basis by HUD. Extremely low income households have an income of 0-30% Area Median Income (AMI), low income households have an income of 30-50% AMI and moderate income is 50-80% AMI. All income levels being adjusted based on family size.

In addition, the program must meet one of the following outcomes: availability/accessibility, sustainability or affordability. In addition HUD has established a listing of Matrix Codes for projects funded with CDBG monies. These codes are prioritized at the local level based on the community needs assessment. Matrix Codes are categorized as either “high” or “low” priorities. High priorities include for the City of Pflugerville include: Infrastructure, Public Facilities, and Community Service.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Program Year 2016 is the City’s third year for implementation of the CDBG program. Projects selected for the previous program years focused heavily on sidewalk infrastructure and pedestrian mobility and senior related projects. Pflugerville has opted to focus more attention on projects within block groups that greatly exceed the minimum exception requirement of 41.44 percent in order to not place future projects at risk or projects that are focused on infrastructure improvements that benefit the community overall, or are focused on a facility or program that benefits presumed low income clientele, like seniors.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City adopted and published a Citizens Participation Plan (CPP) in March 2014 outlining the efforts required for citizen participation within the City's CDBG program. In consultation with the CPP the City published notice in the Pflugerville Pflag newspaper, on the City's website as well as the City's media blasts to solicit input from residents and social service providers on the needs in Pflugerville. Opportunities for public input on the 2016 Amended Action Plan will be available during the 30 day public review period from November 13, 2017 to December 12, 2017. Public hearings will be held on November 28, 2017 and December 12, 2017. Comments received from the meetings will be included in Appendix A.

The City of Pflugerville continues to encourage citizen participation with emphasis towards participation by persons of very-low, low and moderate income who are eligible for services provided by the CDBG program as well as residents of targeted areas in which the CDBG funds can be expended. All documents related to the CDBG program are made available to the public for review at any time and are available in the Pflugerville Public Library located at 1008 W. Pfluger Street, as well as on the City's website at: pflugervilletx.gov/cdbg.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

To be determined

6. Summary of comments or views not accepted and the reasons for not accepting them

To be determined

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	PFLUGERVILLE	Planning Department

Table 1 – Responsible Agencies

Narrative (optional)

The City of Pflugerville is the Lead Agency for the CDBG Program. The Planning Department manages the CDBG program and oversees the development of the Consolidated Plan, the Annual Action Plan and any related amendments as well as all projects associated with CDBG, and for the reporting to HUD. Other departments within the City that will aid in facilitating the CDBG program are the Engineering Department, Parks and Recreation Department, Finance Department and Public Works Department.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Pflugerville consulted with a variety of stakeholders in an effort to assess the housing and community development needs and priorities within the community. From these consultations and assessments the 2016 Action Plan was created and serves as the plan for projects that are anticipated to be funded during the 2016 Program Year.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

In order to obtain input from public agencies and community organizations staff met with one of the primary service provider within the community, Travis County Health and Human Services and Veterans Affairs to discuss the needs they address and where the insufficiencies appear to be for the citizens they serve. These meetings were vital in developing an understanding of housing, employment, transportation and basic necessities within the community.

In the early spring of 2015 City Council appointed a Senior Advisory Task Force to aid the city in the evaluating the needs of senior citizens within the community. This task force provided information regarding infrastructure improvements necessary to provide for better access to public facilities, such as the Recreation/Senior Center and provided guidance on programs that seniors find beneficial including social services to recreation programming.

These conversations aided greatly in the understanding of needs within the community, from housing to community needs and help to guide the selection of projects and afforded staff on both sides the opportunity to forge a relationship that help to build the community beyond the realm of CDBG.

Original approval of the 2016 Action Plan included a senior project that would provide for senior amenities within a park dedicated to senior activities however, after a review by HUD headquarters this project was eliminated and the amended action plan reflects infrastructure projects that will provide improved access within an LMI identified block group. The proposed projects were selected after consultation with City Council and needs identified by the City’s Public Works departments that also meet national objectives as well as the goals provided for within the Consolidated Plan. Additional feedback from service agencies is anticipated during the 30 day review period.

The projects covered with the 2nd amendment, due to their size, are funding over several program years. Consultation with service providers and research of data provided by other acknowledged entities occurred in anticipation of the needs to amend multiple action plans in preparation for funding of the proposed infrastructure activities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

City Staff will continue conversations with Ending Community Homelessness Coalition (ECHO), which serves as a Continuum of Care for the area, to obtain a better understanding of the services they provided the homeless population not only within Pflugerville but the region. Since entering the CDBG program the City has maintained contact with ECHO and receives information monthly on the demographics of homeless in our region as well as opportunities on how to participate with their program. The City utilizes resources provided by Travis County and ECHO for informational purposes as well as providing guidance to available services.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Not applicable

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	Travis County Health and Human Services & Veterans Affairs
	Agency/Group/Organization Type	Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-homeless Services-Health Services-Employment Service-Fair Housing Health Agency Child Welfare Agency Other government - County
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Market Analysis Anti-poverty Strategy transportation, recreation

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Staff met to obtain data and understanding of the services provided by the County and the needs of the populations within the City of Pflugerville. Consultation with the Travis County HHS/VA continues to be a beneficial source of information and knowledge in the needs of the low to moderate income population in Pflugerville. The knowledge provided in needs from transportation improvements and senior needs to keeping youth healthy and active contributes greatly to the actions chosen for the 2016 Action Plan.
2	Agency/Group/Organization	Community Action Network (CAN)
	Agency/Group/Organization Type	Regional organization
	What section of the Plan was addressed by Consultation?	Socioeconomic Indicators
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City participates as a board member of this organization. Staff reviewed and analyzed data provided by Community Advancement Network (CAN)(formerly Community Action Network) related to the socioeconomic indicators for Greater Austin and Travis County. The City of Pflugerville is a member of this diverse organization that is a partnership of governmental, non-profit, private and faith-based organizations which leverage mutual resources to collectively improve social, health, educational and economic opportunities in our community.
3	Agency/Group/Organization	Pflugerville ISD
	Agency/Group/Organization Type	Services-Education
	What section of the Plan was addressed by Consultation?	Youth programming
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Obtained data related to numbers of youth served by the ISD as it related to their free to reduced lunch program.

4	Agency/Group/Organization	Ending Community Homelessness Coalition (ECHO)
	Agency/Group/Organization Type	Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Monthly data and information is provided by ECHO that assists in analysis of the overall homeless community within the Central Texas area. While no programs to address homelessness are included within the Action Plan staff will continue conversations and collection of information from ECHO to aid in a greater understanding of the homeless population and Continuum of Care within our region
5	Agency/Group/Organization	Pflugerville Community Development Corporation
	Agency/Group/Organization Type	Services-Employment Community Development Financial Institution
	What section of the Plan was addressed by Consultation?	Market Analysis Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Pflugerville Community Development Corporation (PCDC) serves as the economic development department for the City. Staff utilizes their knowledge and resources of economic development patterns and trends to gain information related to jobs, economic development and other related information.

Identify any Agency Types not consulted and provide rationale for not consulting

In preparation of the 2016 Amended Action Plan the City consulted with various public and private agencies to address the issues outlined in the plan regarding housing, health services, and social and fair housing services (including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, homeless persons). To the City's knowledge there were no agency types not consulted during the development of the original action plan.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	ECHO	To be determined

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Pflugerville is anticipating an entitlement grant in the amount of \$245,700 during the 2016 Program Year (October 1, 2016-September 30, 2017) to address obstacles to meet underserved needs. The result of these activities will be reported in the Consolidated Annual Performance Evaluation Report.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	245,700	0	0	245,700	480,000	Remaining funds from PY2015 will be available once anticipated projects are completed. At the time of the 2016 Action Plan the proposed projects assumed carry over from prior program years at approximately \$212,680 additional funding availability.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

No leveraged funds are anticipated. Staff resources not covered by the administrative costs of the program are not included within the evaluation for leveraged funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The anticipated infrastructure and public facilities projects will all be located within City owned property, either a public park or within public right-of-way.

	Goal Description	Senior Center Improvements
3	Goal Name	Community Service
	Goal Description	Availability to parks and recreation programs for LMI youth

Projects

AP-35 Projects – 91.220(d)

Introduction

The City of Pflugerville will address the community development needs identified in the Consolidated Plan. Funding has been allocated to projects within Pflugerville in the following high priority categories: infrastructure, public facilities, and community service. These activities were selected based on the needs identified during the consolidated planning process.

Projects

#	Project Name
1	Senior Center Expansion
2	Youth Recreation Scholarship
3	Mill Creek Drive Roadway Improvements
4	NEW – El Malino Roadway Improvements
1A	NEW – Alternate Project Frost Circle Roadway Improvements

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Projects were selected on where the low to moderate income populations within our community would most benefit and meet the 41.44% threshold established by HUD. Obstacles to addressing underserved needs may arise should the 41.44% minimum increase as was the case for project anticipated in the 2014 Action Plan.

AP-38 Project Summary
Project Summary Information

1	Project Name	Youth Recreation Scholarship
	Target Area	Pflugerville CDBG
	Goals Supported	Community Service
	Needs Addressed	Community Service
	Funding	CDBG: \$15,000
	Description	Provide financial assistance to qualifying Pflugerville families in order to facilitate participation in City sponsored youth activities and programs such as Pfun Camp, swim lessons, and various sports, arts and dance programs.
	Target Date	COMPLETE
	Estimate the number and type of families that will benefit from the proposed activities	75 LMI children are anticipated to benefit
	Location Description	Various based on location of recreation program
	Planned Activities	Offer scholarships in the maximum amount of \$200 to LMI children within the City to participate in recreation programs, including summer camp, offered by the City's Parks and Recreation Department.
2	Project Name	Senior Center Expansion
	Target Area	Pflugerville CDBG
	Goals Supported	Public Facilities
	Needs Addressed	Public Buildings and Facilities
	Funding	CDBG: \$50,000
	Description	Renovation of the Senior Center will create more space for senior activities by relocating the room currently used for childcare.
	Target Date	SPRING 2018
	Estimate the number and type of families that will benefit from the proposed activities	The senior population benefiting is approximately 5,161 persons over the age of 62
	Location Description	400 Immanuel Road, Pflugerville, Texas

	Planned Activities	Renovate and expand the existing senior center area to provide additional space to accommodate for the needs of seniors and their activities such as meetings and events.
3	Project Name	Mill Creek Drive Roadway Improvements
	Target Area	Pflugerville CDBG
	Goals Supported	Public Facilities
	Needs Addressed	Infrastructure
	Funding	CDBG: \$140,700
	Description	Reconstruction of approximately 800 linear feet of roadway known as Mill Creek Road.
	Target Date	SPRING 2019
	Estimate the number and type of families that will benefit from the proposed activities	995 Low to moderate income citizens (LMI) are anticipated to benefit from this improvement. 1,280 residents live within the identified project block group (Tract 18.60, Block Group 1) with an estimated 77.73 percent LMI.
	Location Description	Mill Creek Road (El Malino Drive to terminus north of Bellemeade Boulevard)
	Planned Activities	Reconstruction of approximately 800 linear feet of roadway known as Mill Creek Road with 24 feet of pavement.
4	Project Name	El Malino Drive Roadway Improvements - NEW
	Target Area	Pflugerville CDBG
	Goals Supported	Public Facilities
	Needs Addressed	Infrastructure
	Funding	CDBG: \$25,070.01
	Description	Roadway Design for El Malino Drive
	Target Date	Spring 2019
	Estimate the number and type of families that will benefit from the proposed activities	995 Low to moderate income citizens (LMI) are anticipated to benefit from this improvement. 1,280 residents live within the identified project block group (Tract 18.60, Block Group 1) with an estimated 77.73 percent LMI.
	Location Description	El Malino from Mill Creek to Yellow Sage

	Planned Activities	Design of El Malino in anticipation of funding reconstruction of roadway with PY2018 funds
1A	Project Name	Frost Circle – ALTERNATE PROJECT
	Target Area	Pflugerville CDBG
	Goals Supported	Public Facilities
	Needs Addressed	Infrastructure
	Funding	CDBG: \$107,000
	Description	Design and construction of a cul-de-sac known as Frost Circle
	Target Date	2019
	Estimate the number and type of families that will benefit from the proposed activities	995 Low to moderate income citizens (LMI) are anticipated to benefit from this improvement. 1,280 residents live within the identified project block group (Tract 18.60, Block Group 1) with an estimated 77.73 percent LMI.
	Location Description	Frost Circle, eastside of Parkway just north of Pecan Street
	Planned Activities	Design and construction of a cul-de-sac, Frost Circle that is approximately 225 linear feet

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Projects were solely selected based on a specific geographic area of the city however, some of the parks and infrastructure projects are located within areas that meet the low and moderate income areas where more than 41.4 percent of the households are living at or below 80 percent of the median income otherwise the project serves presumed low income citizens while other projects serve a city wide program for low to moderate income youth or seniors.

Geographic Distribution

Target Area	Percentage of Funds
Pflugerville CDBG	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

In order to meet the 41.44 percent criteria research found that the projects are generally limited to three block groups that can consistently meet the threshold for projects or projects focused on addressing senior needs. The projects selected for consideration focused on infrastructure needs for low to moderate income areas and greater benefit to the community overall by incorporating improved facilities for the senior population and youth programs.

Discussion

The Yellow Sage projects are located within Census Tract 18.60 Block Group 1, which have been identified by HUD as qualifying for CDBG investments. Within the block group HUD has identified a total of 1,280 individuals with 995 being considered low to moderate income or 77.73% LMI. The projects consist of six street improvements phased over six year period and will include in order of priority Mill Creek Dr, Green Meadows Dr, Bellemeade Blvd, El Malino Dr, portions of Yellow Sage and Frost Cr. The first five streets are located Hillside Spring area, which was were constructed over an eleven year period starting in 1970 within Travis County and later annexed by the City in 2009. The last street, Frost Cr, is within the Watson Park subdivision which was platted in 1959 within Travis County and annexed by the City in 2009 as well. However, Frost Cr was never completely constructed even though several residential houses were built.

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

Recognizing that a diversity of housing types and affordability is important not only to the individual citizen but the community as a whole, staff continues to review housing types available in the community to ensure workforce housing is accommodated within the community and participate in planning efforts that aid in the development of affordable projects within Pflugerville. Additionally, the City utilizes services provided by Travis County for housing aid as well as public housing. The City will continue to work with Travis County as well as entities that proposal local developments offering housing vouchers or other types of financial aid for housing.

AP-60 Public Housing – 91.220(h)

Introduction

For the five year period covered by the Consolidated Plan, Pflugerville does not intend to target CDBG funds toward efforts to aid in housing needs.

Actions planned during the next year to address the needs to public housing

Due to limited resources Pflugerville does not anticipate undertaking any housing projects within the time frame of the Consolidated Plan.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Due to limited resources Pflugerville does not anticipate undertaking any housing projects within the time frame of the Consolidated Plan.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable

Discussion

Recognizing that a diversity of housing types and affordability is important not only to the individual citizen but the community as a whole, staff continues to review housing types available in the community to ensure workforce housing is accommodated within the community and participate in planning efforts that aid in the development of affordable projects within Pflugerville. Additionally, the City utilizes services provided by Travis County for housing aid as well as public housing. The City will continue to work with Travis County as well as entities that proposal local developments offering housing vouchers or other types of financial aid for housing. Additionally, the City has recently shown support of tax credit projects that included construction of a new multifamily project and the rehabilitation of an existing project serving residents at 60% of the area median income or below.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

For the five year period covered by the Consolidated Plan, Pflugerville does not intend to target CDBG funds toward efforts to aid in housing needs. However, recognizing that a diversity of housing types and affordability is important not only to the individual citizen but the community as a whole, staff will review housing types available in the community to ensure workforce housing is accommodated within the community and participate in planning efforts that aid in the development of affordable projects within Pflugerville.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Due to limited resources Pflugerville does not anticipate undertaking any projects regarding homelessness within the time frame of the Consolidated Plan. The City utilizes data and services offered by ECHO and Travis County HHS/VS to aid in our knowledge of homeless issues as well as the needs of addressing homeless population and to reach that specific population in our area which has seen a 22 percent drop since 2011. The City is also a member of CAN (Community Action Network) a partnership of governmental, non-profit, private and faith-based organizations which leverage mutual resources to collectively improve social, health, educational and economic opportunities in our community. This partnership aids in the knowledge of not only the homeless populations but a variety of issues effecting the community and provides for opportunities to reach various populations and find services for the varying needs.

As provided within the recent Census release the known homeless iwthin the community is 0; providing for challenges in identifying homeless needs within the community. We will work to identify homeless within our community by taking additional steps through our scholarship program by identifying those who are homeless or those that might be close to becoming homeless and then assist with identifying available resources available to them through Travis County. We will also use our best efforts to provide a source of information for these services available online as well as wthin our public facilities (i.e. Recreation Center and Library).

Addressing the emergency shelter and transitional housing needs of homeless persons

Due to limited resources Pflugerville does not anticipate undertaking any projects regarding

homelessness within the time frame of the Consolidated Plan. However, as stated previously, we will work to identify homeless within our community by taking additional steps through our scholarship program by identifying those who are homeless or those that might be close to becoming homeless and then assist with identifying available resources available to them through Travis County. We will also use our best efforts to provide a source of information for these services available online as well as within our public facilities (i.e. Recreation Center and Library).

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Due to limited resources Pflugerville does not anticipate undertaking any projects utilizing CDBG funds regarding homelessness within the time frame of the Consolidated Plan. However, as stated previously, we will work to identify homeless within our community by taking additional steps through our scholarship program by identifying those who are homeless or those that might be close to becoming homeless and then assist with identifying available resources available to them through Travis County. We will also use our best efforts to provide a source of information for these services available online as well as within our public facilities (i.e. Recreation Center and Library).

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Due to limited resources Pflugerville does not anticipate undertaking any projects utilizing CDBG funds regarding homelessness within the time frame of the Consolidated Plan. However, as stated previously, we will work to identify homeless within our community by taking additional steps through our scholarship program by identifying those who are homeless or those that might be close to becoming homeless and then assist with identifying available resources available to them through Travis County. We will also use our best efforts to provide a source of information for these services available online as well as within our public facilities (i.e. Recreation Center and Library).

Discussion

Due to limited resources Pflugerville does not anticipate undertaking any projects regarding homelessness within the time frame of the Consolidated Plan. The City will continue to work with Travis County on housing needs, with ECHO on the homeless population, and will continue participation in the Community Advancement Network (CAN). We will also work to identify homeless within our community by taking additional steps through our scholarship program by identifying those who are homeless or those that might be close to becoming homeless and then assist with identifying available resources available to them through Travis County. We will also use our best efforts to provide a source of information for these services available online as well as within our public facilities (i.e. Recreation Center and Library).

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

For the five year period covered by the Consolidated Plan, Pflugerville does not intend to target CDBG funds toward efforts to aid in housing needs. However, recognizing that a diversity of housing types and affordability is important not only to the individual citizen but the community as a whole, staff will review housing types available in the community to ensure workforce housing is accommodated within the community and participate in planning efforts that aid in the development of affordable projects within Pflugerville.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City recently updated the City's Unified Development Code, the set of ordinances regulating development within the City, and continues to be diligent in review of the land use ordinances affecting housing and housing types and the opportunities for growth throughout the community that provides for a mix of housing types in every area of the community.

Discussion:

In addition to allowing for a mix of housing types the City recently (February 2017) passed two resolutions in support of tax credit housing providing more dwelling units available to residents at 60% of the area median income or below.

AP-85 Other Actions – 91.220(k)

Introduction:

Pflugerville's Program Year 2016 (PY16) Action Plan lists the projects and activities the City will undertake beginning October 1, 2016 to meet the goals and objectives outlined in the 2014-2019 Consolidated Plan. The Action Plan details how the City will use the CDBG funds and describes how the City will address housing and non-housing community development needs.

Actions planned to address obstacles to meeting underserved needs

Potential obstacles to meeting underserved needs include: rapid population growth, need for transportation to existing services, access to affordable recreation facilities and programs, rising cost of housing. While population growth will occur, Pflugerville has worked through various planning processes to help manage that growth over time, addressing water, wastewater, parks, trails, land use, housing and a multitude of other issues that coincide with a rapidly growing city. The projects selected are to complement the long term plans for a growing city that aid in meeting underserved needs of the low to moderate population.

Actions planned to foster and maintain affordable housing

For the five year period covered by the Consolidated Plan, Pflugerville does not intend to target CDBG funds toward efforts to aid in housing needs. However, recognizing that a diversity of housing types and affordability is important not only to the individual citizen but the community as a whole, staff will continue to review housing types available in the community to ensure workforce housing is accommodated within the community and participate in planning efforts that aid in the development of affordable projects within Pflugerville.

Actions planned to reduce lead-based paint hazards

The City utilizes community services provided by Travis County for the remediation of lead based paint in Pflugerville's housing supply. Approximately 226 homes within the City of Pflugerville were constructed during the time when lead based paint was accepted for use. The City will continue to utilize Travis County Health and Human Services and Veterans Services, which receives funds through State grants and the Travis County General Fund to provide limited lead based paint remediation on houses built before 1978 where small holes in the wall or similar acts could cause additional lead exposure.

Actions planned to reduce the number of poverty-level families

Approximately 10.4% of Pflugerville residents live in poverty (ACS 2014 5 year estimate). Female headed households with children are particularly affected by poverty. The City's anti-poverty strategy is based on attracting a range of businesses and providing workforce development and a mix of uses throughout

the community that are supportive of each other reducing or eliminating the need to find housing, employment or services outside of the community.

Actions planned to develop institutional structure

Effective implementation of the Consolidated Plan involves a variety of agencies. Coordination and collaboration within the City of Pflugerville and between agencies helps to ensure that the needs in the community are addressed. The key departments and agencies that are involved in the implementation of the Plan are described below.

City of Pflugerville, Planning Department

The Planning Department is responsible for the administration of the City's programs funded by CDBG money. This office has primary responsibility for managing and implementing the City's Consolidated Plan programs and related documents. Other City departments are also involved in providing services, include the Engineering Department, Parks and Recreation Department and the Public Works Department.

City of Pflugerville, Finance Department

The City Finance Department manages the CDBG procurement processes for commodities, professional services and construction. Expertise in the area of federal standards has been created within the department. The department submits all financial reports, including the SF-425.

Travis County Health & Human Services and Veterans Services Department (TCHHS/VS)

TCHHS/VS offers a variety of services to Pflugerville and Travis County residents including:

- Utility, Rent and Mortgage Assistance
- Family Assistance
- Children's Services
- Senior Services
- Public Health Services
- Emergency Services

Actions planned to enhance coordination between public and private housing and social service agencies

The City is committed to continuing its participation and coordination with federal, state, county and local agencies as well as with the private and non-profit sector, to serve the needs of target income individuals and families in the community. The City will continue to work with the area service providers as well as the building industry to address housing and community needs.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The benefit provided by CDBG for Program Year is estimated at 100% for 2016 Program Year.

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%
